

Friday 24th April 2020

It's the end of the week! I hope you enjoyed your activities yesterday and got to learn some interesting things about Mum, Dad, Grannies and Grandpas!

Well done for all your work so far and I hope you enjoy today's activities too.

English.

For your English today I would like you to find out what **relative** pronouns are (which should be quite easy as we've been writing lots of relative clauses) and then find out what **demonstrative** pronouns are. To make it easier, I've pasted some link below which explain them quite well I think.

Relative pronouns. (the 5 words in the circles on this presentation are the key to it all!)

<https://www.twinkl.co.uk/teaching-wiki/relative-pronoun>

Demonstrative pronouns (think of them as *demonstrating* pronouns)

<https://www.kidsworldfun.com/learn-english/demonstrative-pronouns.php>

I'd like you to make a Powerpoint document which explains these 2 different types of pronouns using the J2e office software. Or if you prefer, you could make 2 quick posters on paper explaining them separately. Once you've done it I'd like to use your presentation to explain these to a member of your family! So make sure you make it clear to them so your lesson is clear!

Maths

Well it's Friday and time to solve some maths puzzles! There are quite a few on the White Rose learning page which you have been using recently, so do as many as you can, and no peeking at the answers too soon! Just go the 'Friday Maths Challenge' on the link below.

<https://whiterosemaths.com/homelearning/year-5/>

Non screen time.

A little mindfulness for you. Have a go at these 'brainbreak breathing activities!'

Brain Break Breathing

Rainbow Breaths

Stand with your feet shoulder width apart, arms gently resting by your sides. Slowly raise your arms and take a deep breath in. Try to breathe in until your hands reach each other over your head. Breathe out slowly while lowering the hands. Visualize the beautiful rainbow you are making. Repeat 5 - 10 times. Each time you breathe in imagine you are adding another color to your rainbow. What colors are you adding to your rainbow? Once your rainbow is done slowly open your eyes.

Brain Break Breathing

Waves on the Ocean Breaths

Lie back gently on the floor with your feet out in front of you. Place your hands on your stomach. Breathe in through your nose and feel your hands rise up. As you slowly exhale, feel your hands go back down. Pretend that your stomach is waves in the ocean and your hands are a sailboat. Each time you breath in the sailboat goes up on the waves and each time you breathe out the sailboat goes down on the waves. Repeat.

Art.

As a little fun thing to end the week ,I thought you might like to try making these 'Flexangles'. You'll need a printer. I made one using thin card (which could go through the printer) but it should work with paper too.

<https://www.youtube.com/watch?v=pta1R7g05Xg>

the template for it is here

<https://cdn.babbledabbledo.com/wp-content/uploads/2015/03/Flextangles-Template-BABBLE-DABBLE-DO.pdf>

They're quite easy to make, but I'd suggest using Sellotape to hold the last join as it tends to slip out of place when you start to use it.

Have a great weekend and make sure you're super little helpers around the house too!
