

Spelling Rule:

This week we would like you to learn a range of spellings from the Year 4 National Curriculum requirements, There is no one set rule for all these spellings.

1	Suppose	Spell nouns in blue, verbs in red, adjectives in green. If the word can be a noun or verb – spell it in yellow. All other words – just use a writing pencil.
2	Quarter	
3	Were	
4	Position	
5	Knowledge	
6	Grammar	
7	Where	
8	Straight	
9	Breath	
10	Extreme	
11	Breathe	
12	Experience	
13	Height	
14	Through	
15	Ordinary	

English

Using your mindmap from yesterday, we would like you to write a non-chronological report on your party ideas. We would like you to have at least 4 sections for example you could talk about the theme, food, dress code and activities. Don’t forget those **fronted adverbials** and **expanded noun phrases with prepositions!**

For example:

Food

For my end of lockdown party, I will have a huge range of **delicious food in the room.** Normally at a party, people tend to have little nibbles like sausage rolls or crisps, however I am going to have a full three course meal! **Because we have been away from friends and family for so long,** I think it will be lovely to sit down with our loved ones and catch up properly. For starters I will serve a **large prawn cocktail with extra sauce** followed by a big bowl of spicy chicken curry! I think everyone will really enjoy this as it’s not food people have every day – especially during lockdown. **Despite the rather large first two courses,** there will still be time for dessert – sticky toffee pudding! This is my favourite pudding and I know all my friends and family at the party will love it as much as I do.

Maths

We are going to use White Rose online for some of our home learning lessons. Today go to <https://whiterose.com/homelearning/year-4>

Select Summer Term – Week 1 (w/c 20 April)

Lesson 2 – Write Decimals

We have covered decimals in class so the lessons will be good practise and revision. You can use a green pen to self assess as we do in class – try to correct any wrong answers.

Your Maths teacher will assign two activities to complete on Mathletics three times a week. Please log in to Mathletics to do these.

<https://community.mathletics.com/signin/#/student>)

You can also practice your times tables on Twinkl Go (password FY3095) and go on live Mathletics once you have finished.

PE

Today we would like you to design your own workout. Some of you will have hopefully been tuning in to PE with Joe Wicks some mornings so this will give you an idea on what to include.

Think about:

- How long your workout will be
- What exercises you will do (Eg star jumps, run a lap of your garden/house etc)
- Will you have a break between each exercise?

We look forward to seeing what you come up with! We may even try a couple of your creations....
