

# Independent learning challenges for Bees (and some that are not about bees)

Here are some tasks your child could be getting on with independently:

## *Bee related*

- Making bees/hive from playdough
- Building a hive from Lego or another kind of construction toy
- Looking at books about bees
- Drawing bees or their hive
- Looking for insects in the garden if you have one
- Junk modelling bee or hive

## *Not bee related*

- Do a jigsaw
- Look at books independently
- Play with toys
- Mark making with a tray of sand/flour/rice
- Practising name writing or first letter(s) of their name- not in capitals!
- Counting toys
- Rolling dice and counting out objects
- Rolling dice and building lego towers of correct number
- Using resources from My USO if you want a screen-based activity.
