

Dear Parents/ Carers,

A quick update regarding school meals and some exciting developments for after half term.

Having consulted with the children, we have devised a rolling menu consisting of the 15 top school favourites and the introduction of a 'wrap' bar, which would allow the children to choose a filled (cheese, chicken or salami and salad) wrap or roll for their lunch.

In addition I plan to add a third option each day of something else, something a little more interesting or challenging. For example:

Askin's Smokey Sausage Traybake,

Mila van den Bergh's Nasi Goreng rice dish,

Welton's Tuk salad,

Reuben and Jesse's Fish Pie

The children will continue to help themselves to fruit, yoghurt and cheese after their main meal.

For those of you providing packed lunches I hope this solution will mean you consider ditching the Tupperware in favour of our exciting new menu and the introduction of a 'wrap' bar - just think no more last minute dashes to the shop for bread!

See attached exciting new menu.

Happy eating,

Cookie X
